<sup>1</sup> Based on average shares outstanding during the period.

<sup>2</sup> Based on the net asset value as of period end. Assumes an investment at net asset value at the beginning of the period and reinvestment of all distributions during the period. The return would have been lower if certain expenses had not been waived or reimbursed by the Investment Manager.

<sup>3</sup> Not annualized for periods less than one year.

<sup>4</sup> Annualized for periods less than one year, with the exception of non-recurring organizational costs.

<sup>5</sup> Reflects operations for the period from July 1, 2021 (commencement of operations) to October 31, 2021.

## 1. Organization

AFA Multi-Manager Credit Fund (the "Fund") was established as a Delaware statutory trust on January 27, 2021. The Fund is registered under the Investment Company Act of 1940, as amended (the "Investment Company Act"), as a non-diversified, closed-end management investment company that operates as an interval fund pursuant to Rule 23c-3 under the Investment Company Act. The Fund commenced operations on July 1, 2021.

The Fund's primary investment objective is to provide a high level of current income, with capital appreciation as a secondary objective. The Fund seeks to achieve its investment objectives by investing at least 80% of its net assets including any borrowings for investment purposes, either directly or indirectly, in a range of private and public credit securities and other credit-related investments. The Fund is a "fund of funds" that intends to allocate its assets primarily among a range of investment vehicles ("Investment Funds") that are managed by a select group of experienced institutional managers ("Underlying Managers") identified for their expertise in implementing various credit strategies. In addition, the Fund may access Underlying Managers indirectly through structured notes, swaps or other derivative instruments paying a return linked to the performance of an Investment Fund.

Alternative Fund Advisors, LLC (the "Investment Manager"), an investment adviser registered with the Securities and Exchange Commission (the "SEC") under the Investment Advisers Act of 1940, as amended, serves as the investment adviser of the Fund. Aon Investments USA Inc. (the "Sub-Adviser") serves as the sub-adviser to the Fund.

The Board of Trustees of the Fund (the "Board") has overall responsibility for the management and supervision of the business operations of the Fund.

## 2. Significant Accounting Policies

**Basis of Presentation and Use of Estimates** — The Fund is an investment company and follows the accounting and reporting guidance under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946, *Financial Services – Investment Companies*. The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from these estimates.

**Income Recognition and Expenses** — Income is recognized on an accrual basis as earned. Expenses are recognized on an accrual basis as incurred. The Fund bears all expenses incurred in the course of its operations, including, but not limited to, the following: all costs and expenses related to portfolio transactions and positions for the Fund's account; professional fees; costs of insurance; registration expenses; and expenses of meetings of the Board. Expenses are subject to the Fund's expense limitation and reimbursement agreement (the "Expense Limitation Agreement") (see Note 5).

**Distributions to Shareholders** — The Fund intends to make quarterly distributions to shareholders equal to 6% annually of the Fund's net asset value ("NAV") per share. This predetermined dividend rate may be modified by the Board from time to time. The character of income and gains to be distributed are determined in accordance with federal income tax regulations, which may differ from U.S. GAAP. Distributions to shareholders are recorded on the ex-dividend date.

**Investment Valuation** — Pursuant to the Fund's valuation policies, the Board has delegated to the Investment Manager the general responsibility for valuation of the investments subject to oversight of the valuation committee appointed by the Board (the "Valuation Committee"). The Board has approved procedures pursuant to which the Fund values its investments in Investment Funds at fair value, generally at an amount equal to the NAV of the Fund's investment in the Investment Funds as determined by the Investment Fund's general partner or investment manager. This is commonly referred to as using NAV as the practical expedient which allows for estimation of the fair value of an investment in an investment entity based on NAV or its equivalent if the NAV of the investment entity is calculated in a manner consistent with ASC 946. Because of the inherent uncertainty of valuations of the investments in the Investment Funds, their estimated values may differ significantly from the values that would have been used had a ready market for the Investment Funds existed, and the differences could be material. In accordance with its valuation policies, if no such information is available, or if such information is deemed to not be reflective

**OCTOBER 31, 2021 (UNAUDITED)**

of fair value by the Investment Manager, an estimated fair value is determined in good faith by the Investment Manager pursuant to the Fund's valuation procedures. All adjustments to fair value made by the Investment Manager are reviewed and approved by the Fund's Valuation Committee, subject to Board approval. Investments in open-end investment companies are valued at their reported NAV per share.

**Organizational and Offering Costs** — Organizational expenses consist of costs incurred to establish the Fund and enable it to legally do business. These expenses are paid by the Fund and charged to expenses as incurred. Offering costs include registration fees and fees regarding the preparation and printing of the initial registration statement. Offering costs are accounted for as deferred costs until operations begin and are then amortized over twelve months on a straight-line basis. As of October 31, 2021, the Fund incurred \$68,693 in organizational expenses, which have been expensed as incurred but are subject to the Fund's Expense Limitation Agreement (see Note 5). As of October 31, 2021, \$84,382 of offering costs remains as an unamortized deferred asset, while \$46,099 has been expensed subject to the Fund's Expense Limitation Agreement.

**Federal Income Taxes** — The Fund intends to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended. The Fund utilizes a tax-year end of October 31 and the Fund's income and federal excise tax returns and all financial records supporting the prior year returns are subject to examination by the federal and Delaware revenue authorities. If so qualified, the Fund will not be subject to federal income tax to the extent it distributes substantially all of its net investment income and capital gains to shareholders. Therefore, no federal income tax provision is required. Management of the Fund is required to determine whether a tax position taken by the Fund is more likely than not to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. Based on its analysis, there were no tax positions identified by management of the Fund which did not meet the "more likely than not" standard as of October 31, 2021.

### **3. Capital Stock**

Shares of beneficial interest of the Fund ("Shares") are continuously offered under Rule 415 under the Securities Act of 1933, as amended. The SEC has granted the Fund exemptive relief permitting the Fund to offer multiple classes of shares. The Fund's registration statement allows it to offer two classes of Shares designated as Investor Class ("Investor Class Shares") and Institutional Class ("Institutional Class Shares"). Investor Class Shares and Institutional Class Shares are subject to different fees and expenses. The Fund may offer additional classes of Shares in the future.

The Fund is authorized as a Delaware statutory trust to issue an unlimited number of Shares in one or more classes, with a par value of \$0.001. The minimum initial investment by any investor in the Investor Class Shares is \$25,000 and the minimum initial investment by any investor in Institutional Class Shares is \$1,000,000. However, the Fund, in its sole discretion, may accept investments below the specified minimums. The following groups of investors are eligible to purchase Institutional Class Shares without any initial minimum investment requirement:

- defined benefit plans, endowments and foundations, investment companies, and other institutional investors not specifically enumerated;
- accounts and programs offered by certain financial intermediaries, such as registered investment advisers, broker-dealers, bank trust departments, provided that the minimum aggregate value of such accounts is \$1,000,000, or that in the Fund's opinion there is adequate intent to reach such aggregate value within 12 months;
- principals and employees of the Investment Manager, the Sub-Adviser, the Underlying Managers or their respective affiliates and their immediate family members.

Shares will generally be offered for purchase on each business day, except that Shares may be offered more or less frequently as determined by the Board in its sole discretion. The Board may also suspend or terminate offerings of Shares at any time.

Neither Investor Class Shares nor Institutional Class Shares are subject to an initial sales charge.

**AFA MULTI-MANAGER CREDIT FUND**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**OCTOBER 31, 2021 (UNAUDITED)**

A substantial portion of the Fund’s investments are illiquid. For this reason, the Fund is structured as a closed-end interval fund which means that the shareholders will not have the right to redeem their Shares on a daily basis. In addition, the Fund does not expect any trading market to develop for the Shares. As a result, if investors decide to invest in the Fund, they will have very limited opportunity to sell their Shares. For each repurchase offer, the Board will set an amount between 5% and 25% of the Fund’s Shares based on relevant factors, including the liquidity of the Fund’s positions and the shareholders’ desire for liquidity.

The Fund has adopted a fundamental policy to conduct quarterly repurchase offers at NAV. The Fund will offer to repurchase 5% of the Fund’s Shares, unless the Board has approved a different amount (between 5% and 25% of its outstanding Shares for a particular repurchase offer).

**4. Fair Value Disclosures**

U.S. GAAP defines fair value, establishes a three-tier framework for measuring fair value based on a hierarchy of inputs, and expands disclosure about fair value measurements. It also provides guidance on determining when there has been a significant decrease in the volume and level of activity for an asset or liability, when a transaction is not orderly and how that information must be incorporated into a fair value measurement. The hierarchy distinguishes between market data obtained from independent sources (observable inputs) and the Fund’s own market assumptions (unobservable inputs). These inputs are used in determining the fair value of the Fund’s investments. These inputs are summarized in the three broad levels listed below:

- Level 1 – unadjusted quoted prices in active markets for identical securities. An active market for the security is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value.
- Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc. and quoted prices for identical or similar assets in markets that are not active.) Inputs that are derived principally from or corroborated by observable market data. An adjustment to any observable input that is significant to the fair value may render the measurement a Level 3 measurement.
- Level 3 – significant unobservable inputs, including inputs that are not derived from market data or cannot be corroborated by market data and when the investment is not redeemable in the near term.

Investments in Investment Funds are reported in the Fund’s Statement of Assets and Liabilities at NAV per share (or its equivalent) without further adjustment, as a practical expedient of fair value and therefore these investments are excluded from the fair value hierarchy. Generally, the fair value of the Fund’s investment in a privately offered investment represents the amount that the Fund could reasonably expect to receive from the Investment Fund if the Fund’s investment is withdrawn at the measurement date based on NAV. These investments are redeemable at NAV under the original terms of the Fund’s agreements and/or subscription agreements and based on the operations of the Investment Funds. However, it is possible that these redemption rights may be restricted or eliminated by the Investment Funds in the future in accordance with the Investment Fund agreements.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The following is a summary of the valuation inputs used to value the Fund’s assets and liabilities as of October 31, 2021:

<b>Investments</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>NAV as a Practical Expedient</b>	<b>Total</b>
Exchange-Traded Funds .....	\$ 1,628,800	\$ —	\$ —	\$ —	\$ 1,628,800
Preferred Partnership Units .	—	—	6,000,000	—	6,000,000
Primary Investment Funds ...	—	—	—	23,445,221	23,445,221
<b>Total .....</b>	<b>\$ 1,628,800</b>	<b>\$ —</b>	<b>\$ 6,000,000</b>	<b>\$ 23,445,221</b>	<b>\$ 31,074,021</b>

**AFA MULTI-MANAGER CREDIT FUND**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**OCTOBER 31, 2021 (UNAUDITED)**

The following is a roll-forward of the activity in investments in which significant unobservable inputs (Level 3) were used in determining fair value on a recurring basis:

Beginning balance July 1, 2021	Transfers into Level 3	Transfers out of Level 3	Total realized gain/(loss)	Total unrealized appreciation/ (depreciation)	Purchases	Sales	Balance as of October 31, 2021
\$ —	\$ —	\$ —	\$ —	\$ —	\$ 6,000,000	\$ —	\$ 6,000,000

The following is a summary of quantitative information about significant unobservable valuation inputs for Level 3 fair value measurements for investments held as of October 31, 2021:

Investment Type	Fair Value October 31, 2021	Valuation Methodologies	Unobservable Input	Input Range
Preferred Partnership Units	\$6,000,000	Cost	Recent Transaction Price	N/A

\* The impact on valuation from an increase in input would be an increase.

**5. Investment Management Fee and Other Expenses**

The Fund has entered into an investment management agreement (the "Investment Management Agreement") with the Investment Manager for an initial two-year term ending April 21, 2023. Pursuant to the Investment Management Agreement, the Fund pays the Investment Manager a monthly investment management fee ("Investment Management Fee") at the rates set forth below, payable monthly in arrears, accrued daily based upon the Fund's average daily net assets.

Average Daily Net Assets of the Fund	Investment Management Fee (Annualized Rate)
First \$500 million .....	1.10%
Over \$500 million to \$1 billion .....	1.05%
Over \$1 billion .....	1.00%

The Investment Management Fee will decrease the net profits or increase the net losses of the Fund that are credited to its shareholders. Net assets means the total value of all assets of the Fund, less an amount equal to all accrued debts, liabilities and obligations of the Fund. For the period beginning July 1, 2021 (commencement of operations) and ended October 31, 2021, the Fund incurred \$117,528 in Investment Management Fees.

The Fund has entered into a sub-advisory agreement with the Investment Manager and the Sub-Adviser (the "Sub-Advisory Agreement"), under which the Sub-Adviser receives a portfolio management fee paid by the Investment Manager out of the Investment Management Fee at the rates set forth below, provided, that the minimum annual portfolio management fee paid to the Sub-Adviser under the Sub-Advisory Agreement will not be less than \$100,000.

Average Daily Net Assets of the Fund	Fees (Annualized Rate)
First \$500 million .....	0.20%
Over \$500 million to \$1 billion .....	0.15%
Over \$1 billion .....	0.10%

Pursuant to the Fund's Expense Limitation Agreement, the Investment Manager has agreed to assume expenses of the Fund (a "Reimbursement") if required to ensure the Total Annual Expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses (as determined in accordance with SEC Form N-2), expenses incurred in connection with any merger or reorganization, and extraordinary expenses, such as

## AFA MULTI-MANAGER CREDIT FUND

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

OCTOBER 31, 2021 (UNAUDITED)

litigation expenses) do not exceed 1.20% and 0.95% of the average daily net assets of Investor Class Shares and Institutional Class Shares, respectively. For a period not to exceed three years from the date on which a waiver is made, the Investment Manager may recoup amounts waived or assumed, provided such recoupment will not cause the Fund's expenses to exceed the lesser of the expense limit in effect at the time of the waiver or the expense limit in effect at the time of recapture. The Expense Limitation Agreement has an initial one-year term, ending one year from the commencement of operations. Neither the Fund nor the Investment Manager may terminate the Expense Limitation Agreement during the initial term. During the period ended October 31, 2021, the Investment Manager waived \$195,570 in Investment Management Fees.

Pursuant to the Fund's distribution agreement (the "Distribution Agreement"), Foreside Fund Services, LLC (the "Distributor") serves as the distributor of the Fund's Shares on a best efforts basis, subject to various conditions. The Distributor may retain additional unaffiliated broker-dealers to assist in the distribution of Fund Shares. Under the Distribution Agreement, the Fund pays a distribution and servicing fee ("Distribution and Servicing Fee") of up to 0.25% on an annualized basis of the aggregate net assets of the Fund attributable to Investor Class Shares to the Distributor or other qualified recipients. The Distribution and Servicing Fee is paid out of the Fund's assets and decreases the net profits or increases the net losses of the Fund.

Vigilant Compliance, LLC provides chief compliance officer ("CCO") services to the Fund. The Fund's allocated fees incurred for CCO services for the period ended October 31, 2021 are reported on the Statement of Operations.

The Fund has retained UMB Fund Services, Inc. (the "Administrator") to provide administrative services and to assist with operational needs. In consideration for these services, the Fund pays the Administrator a minimum monthly administration fee (the "Administration Fee"). The Administration Fee is paid to the Administrator out of the assets of the Fund and therefore decreases the net profits or increases the net losses of the Fund. The Administrator is also reimbursed by the Fund for out-of-pocket expenses relating to services provided to the Fund and receives a fee for transfer agency services.

A trustee and an officer of the Fund are employees of the Administrator. The Fund does not compensate the trustee or officer affiliated with the Administrator. For the period ended October 31, 2021, the Fund's allocated fees incurred for trustees are reported on the Statement of Operations.

UMB Bank, n.a. (the "Custodian"), an affiliate of the Administrator, serves as the primary custodian of the assets of the Fund, and may maintain custody of such assets with U.S. and non-U.S. sub custodians (which may be banks and trust companies), securities depositories and clearing agencies in accordance with the requirements of Section 17(f) of the Investment Company Act and the rules thereunder. Assets of the Fund are not held by the Investment Manager or commingled with the assets of other accounts other than to the extent that securities are held in the name of the Custodian or U.S. or non-U.S. sub custodians in a securities depository, clearing agency or omnibus customer account of such custodian. In consideration for these services, the Fund pays the Custodian a minimum monthly custodian fee.

#### **6. Investment Transactions**

For the period ended October 31, 2021, there were purchases of \$30,743,798 and no sales in the Fund.

#### **7. Federal Income Taxes**

Accounting for Uncertainty in Income Taxes requires management of the Fund to analyze all open tax years, as defined by the statutes of limitations, for all major jurisdictions, which includes federal and certain states. Open tax years are those that are open for exam by the taxing authorities (i.e., the last three tax years and the interim tax period since then). The Fund did not have any examinations in progress during the period ended October 31, 2021. Management of the Fund reviewed all tax positions taken or expected to be taken in the preparation of the Fund's tax returns and concluded that Accounting for Uncertainty in Income Taxes resulted in no effect on the Fund's reported net assets or results of operations as of and during the period ended October 31, 2021. Management of the Fund also is not aware of any tax positions for which it is reasonably possible that the total amounts of recognized tax benefits will significantly change in the next twelve months.

**AFA MULTI-MANAGER CREDIT FUND****NOTES TO FINANCIAL STATEMENTS (CONTINUED)****OCTOBER 31, 2021 (UNAUDITED)**

At October 31, 2021, gross unrealized appreciation/(depreciation) of investments based on cost for federal income tax purposes were as follows:

Cost of investments .....	\$ 30,669,825
Gross unrealized appreciation .....	419,195
Gross unrealized depreciation .....	<u>(14,999)</u>
Net unrealized appreciation on investments .....	<u>\$ 404,196</u>

The difference between cost amounts for financial statements and federal income tax purposes is due primarily to timing differences in recognizing certain gains and losses in security transactions.

**8. Indemnifications**

In the normal course of business, the Fund enters into contracts that provide general indemnifications. The Fund's maximum exposure under these agreements is dependent on future claims that may be made against the Fund, and therefore cannot be established; however, the risk of loss from such claims is considered remote.

**9. Principal Risks**

**General Economic and Market Conditions.** The success of the Fund's investment program may be affected by general economic and market conditions, such as interest rates, availability of credit, inflation rates, economic uncertainty, changes in laws, and national and international political circumstances. These factors may affect the level and volatility of securities prices and the liquidity of investments held by the Fund. Unexpected volatility or illiquidity could impair the Fund's profitability or result in losses.

**Repurchase Offers; Limited Liquidity.** The Fund is a closed-end investment company structured as an interval fund and, as such, has adopted a fundamental policy to make quarterly repurchase offers, at per-class NAV, of not less than 5% and not more than 25% of the Fund's outstanding Shares on the repurchase request deadline. The Fund will offer to purchase only a small portion of its Shares each quarter, and there is no guarantee that shareholders will be able to sell all of the Shares that they desire to sell in any particular repurchase offer. Under current regulations, such offers must be for not less than 5% nor more than 25% of the Fund's Shares outstanding on the repurchase request deadline. If a repurchase offer is oversubscribed, the Fund may repurchase only a pro rata portion of the Shares tendered by each Shareholder. The potential for proration may cause some investors to tender more Shares for repurchase than they wish to have repurchased or result in investors being unable to liquidate all or a given percentage of their investment during the particular repurchase offer.

Shares in the Fund provide limited liquidity since shareholders will not be able to redeem Shares on a daily basis. A Shareholder may not be able to tender its Shares in the Fund promptly after it has made a decision to do so. In addition, with very limited exceptions, Shares are not transferable, and liquidity will be provided only through repurchase offers made quarterly by the Fund. Shares in the Fund are therefore suitable only for investors who can bear the risks associated with the limited liquidity of Shares and should be viewed as a long-term investment.

**Borrowing, Use of Leverage.** The Fund may leverage its investments by "borrowing." The use of leverage increases both risk of loss and profit potential. The Investment Manager and/or Sub-Adviser may cause the Fund to use various methods to leverage investments, including (i) borrowing, (ii) swap agreements or other derivative instruments, (iii) use of short sales, or (iv) a combination of these methods. The Fund expects that under normal business conditions it will utilize a combination of the leverage methods described above. The Fund is subject to the Investment Company Act requirement that an investment company satisfy an asset coverage requirement of 300% of its indebtedness, including amounts borrowed, measured at the time the investment company incurs the indebtedness (the "Asset Coverage Requirement"). This means that at any given time the value of the Fund's total indebtedness may not exceed one-third the value of its total assets (including such indebtedness). The interests of persons with whom the Fund enters into leverage arrangements will not necessarily be aligned with the interests of the Fund's shareholders and such persons will have claims on the Fund's assets that are senior to those of the Fund's shareholders.

## AFA MULTI-MANAGER CREDIT FUND

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

OCTOBER 31, 2021 (UNAUDITED)

Additionally, Investment Funds may leverage their trading (and in certain cases, at significant levels) through borrowings from banks and other lenders to leverage investments, utilize futures, forwards, swaps and other derivatives to acquire leverage, finance investments through repurchase agreements, total return swaps and options and trade securities and derivatives on margin. The use of leverage increases risk and generates interest expense, but also may increase the investment return. For example, when an Investment Fund is leveraged, a small increase or decrease in the value of the Investment Fund's investments will result in a larger increase or decrease, respectively, in the NAV of the Underlying Manager's investments than would otherwise be the case.

**Non-Diversified Status.** The Fund is a "non-diversified" management investment company. Thus, there are no percentage limitations imposed by the Investment Company Act on the Fund's assets that may be invested, directly or indirectly, in the securities of any one issuer. Consequently, if one or more securities are allocated a relatively large percentage of the Fund's assets, losses suffered by such securities could result in a higher reduction in the Fund's capital than if such capital had been more proportionately allocated among a larger number of securities. The Fund may also be more susceptible to any single economic or regulatory occurrence than a diversified investment company.

**Large Shareholder Transactions Risk.** Shares of the Fund may be offered to certain other investment companies, large retirement plans and other large investors such as advisory firms that exercise control over a large number of individual investor accounts. As a result, the Fund is subject to the risk that those shareholders may purchase or redeem a large amount of shares of the Fund. To satisfy such large shareholder redemptions, the Fund may have to sell portfolio securities at times when it would not otherwise do so, which may negatively impact the Fund's NAV and liquidity. In addition, large purchases of Fund shares could adversely affect the Fund's performance to the extent that the Fund does not immediately invest cash it receives and therefore holds more cash than it ordinarily would. Large shareholder activity could also generate increased transaction costs and cause adverse tax consequences.

**Risks of Securities Activities of the Fund and Underlying Managers.** The Fund and the Underlying Managers will invest and trade in a variety of different securities, and utilize a variety of investment instruments and techniques. Each security and each instrument and technique involves the risk of loss of capital. While the Investment Manager and/or Sub-Adviser will attempt to moderate these risks, there can be no assurance that the Fund's investment activities will be successful or that the shareholders will not suffer losses.

**Alternative Investments Risk.** Alternative investments provide limited liquidity and include, among other things, the risks inherent in investing in securities, futures, commodities and derivatives, using leverage and engaging in short sales. An investment in alternative investment products is speculative, involves substantial risks, and should not constitute a complete investment program.

**Asset Allocation Risk.** The Fund's investment performance depends, at least in part, on how its assets are allocated and reallocated among asset classes and strategies. Such allocation could result in the Fund holding asset classes or investments that perform poorly or underperform other asset classes, strategies or available investments.

**Highly Volatile Markets.** The prices of commodities contracts and all derivative instruments, including futures and options, can be highly volatile. Price movements of forwards, futures and other derivative contracts in which the Fund may be invested are influenced by, among other things, interest rates, changing supply and demand relationships, trade, fiscal, monetary and exchange control programs and policies of governments, and national and international political and economic events and policies. In addition, governments from time to time intervene, directly and by regulation, in certain markets, particularly those in currencies, financial instruments, futures and options. Such intervention often is intended directly to influence prices and may, together with other factors, cause all of such markets to move rapidly in the same direction because of, among other things, interest rate fluctuations. The Fund is also subject to the risk of the failure of any exchanges on which its positions trade or of the clearinghouses for those exchanges.

**Pandemic Risk.** The continuing spread of an infectious respiratory illness caused by a novel strain of coronavirus (known as COVID-19) has caused volatility, severe market dislocations and liquidity constraints in many markets, including securities the Fund holds, and may adversely affect the Fund's investments and operations. The outbreak was first detected in December 2019 and subsequently spread globally. The transmission of COVID-19 and efforts to contain its spread have resulted in international and domestic travel restrictions and disruptions, closed international borders, enhanced health screenings at ports of entry and elsewhere, disruption of and delays in healthcare service preparation and delivery, quarantines, event and service cancellations

## AFA MULTI-MANAGER CREDIT FUND

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

OCTOBER 31, 2021 (UNAUDITED)

or interruptions, disruptions to business operations (including staff reductions), supply chains and consumer activity, as well as general concern and uncertainty that has negatively affected the economic environment. These disruptions have led to instability in the marketplace, including stock and credit market losses and overall volatility. The impact of COVID-19, and other infectious illness outbreaks, epidemics or pandemics that may arise in the future, could adversely affect the economies of many nations or the entire global economy, the financial performance of individual issuers, borrowers and sectors and the health of the markets generally in potentially significant and unforeseen ways. In addition, the impact of infectious illnesses, such as COVID-19, in emerging market countries may be greater due to generally less established healthcare systems. This crisis or other public health crises may exacerbate other pre-existing political, social and economic risks in certain countries or globally.

**Counterparty Credit Risk.** Many of the markets in which the Fund effects its transactions are “over the counter” or “inter-dealer” markets. The participants in these markets are typically not subject to credit evaluation and regulatory oversight as are members of “exchange based” markets. To the extent the Fund invests in swaps, derivative or synthetic instruments, or other over the counter transactions, on these markets, the Fund is assuming a credit risk with regard to parties with whom it trades and may also bear the risk of settlement default. These risks may differ materially from those associated with transactions effected on an exchange, which generally are backed by clearing organization guarantees, daily marking to market and settlement, and segregation and minimum capital requirements applicable to intermediaries. Transactions entered into directly between two counterparties generally do not benefit from such protections. This exposes the Fund to the risk that a counterparty will not settle a transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not bona fide) or because of a credit or liquidity problem, thus causing the Fund to suffer a loss. Such counterparty risk is accentuated in the case of contracts with longer maturities where events may intervene to prevent settlement, or where the Fund has concentrated its transactions with a single or small group of counterparties. The Fund is not restricted from dealing with any particular counterparty or from concentrating its investments with one counterparty. The ability of the Fund to transact business with any one or number of counterparties, the lack of any independent evaluation of such counterparties’ financial capabilities and the absence of a regulated market to facilitate settlement may increase the potential for losses by the Fund.

**Fraud Risk.** Of paramount concern in loan investments is the possibility of material misrepresentation or omission on the part of the borrower or loan seller. Such inaccuracy or incompleteness may adversely affect the valuation of the collateral underlying the loans or may adversely affect the ability of the Fund to perfect or effectuate a lien on the collateral securing the loan. The Fund will rely upon the accuracy and completeness of representations made by borrowers to the extent reasonable, but cannot guarantee such accuracy or completeness.

**AFA MULTI-MANAGER CREDIT FUND**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**OCTOBER 31, 2021 (UNAUDITED)**

**10. Commitments**

As of October 31, 2021, the Fund did not have any outstanding investment commitments to Investment Funds.

The following table represents investment strategies, unfunded commitments and redemptive securities of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of October 31, 2021:

<u>Investment Fund</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period (Days)</u>	<u>Lock-Up Period (Months)</u>
1 Sharpe Income ADV LP ....	\$ 6,798,525	\$ —	Semi-Annual	90	N/A
Alcova Capital Yield Premium Fund, L.P. ....	6,963,677	—	N/A	90	18 <sup>1</sup>
Brigade Credit Fund II LP ....	3,276,205	—	Quarterly	60	12 <sup>2</sup>
Brigade Structured Credit Fund LP .....	3,283,399	—	Quarterly	60	N/A <sup>3</sup>
Serone Multi-Strategy Credit U.S. Feeder LP .....	3,123,415	—	Monthly	60	N/A <sup>3</sup>
<b>Total .....</b>	<b>\$ 23,445,221</b>	<b>\$ —</b>			

<sup>1</sup> Upon submitting a redemption notice, limited partners will become a liquidating investor. Interest and principal are returned for the investments in which the fund has invested, and shall not be reinvested in the fund thereafter.

<sup>2</sup> Redemptions permitted prior to the expiration of the initial lock-up period, subject to an early redemption fee.

<sup>3</sup> Redemption provisions limit the amount redeemable on a given redemption date, and could require multiple periods to fully redeem.

**11. Beneficial Ownership & Related Party Transactions**

The beneficial ownership, either directly or indirectly, of more than 25% of the voting securities of the Fund creates a presumption of control under Section 2(a)(9) of the 1940 Act. As of October 31, 2021, an investor owned approximately 71% of the Fund. This entity is an affiliate of the Fund and may be deemed to be affiliated with the Investment Manager.

**12. Subsequent Events**

In preparing these financial statements, management has evaluated subsequent events through the date of issuance and determined there were no subsequent events that occurred during such period that would require disclosure or would be required to be recognized in the financial statements except for the following:

The Fund commenced a repurchase offer on October 8, 2021 as follows:

<u>Repurchase Offer Notice</u>	<u>Repurchase Request Deadline</u>	<u>Repurchase Offer Amount</u>	<u>% of Shares Repurchased</u>	<u>Number of Shares Repurchased</u>
October 8, 2021	November 8, 2021	5%	0%	0

**OCTOBER 31, 2021 (UNAUDITED)****Availability of Quarterly Portfolio Schedules**

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Part F of Form N-PORT. The Fund's Form N-PORT is available, without charge and upon request, on the SEC's website at [www.sec.gov](http://www.sec.gov).

**Proxy Voting**

Policies and procedures that the Fund uses to determine how to vote proxies as well as information regarding how the Fund voted proxies for portfolio securities is available without charge and upon request by calling 844-440-4450 or by accessing the Fund's Form N-PX on the SEC's website at [www.sec.gov](http://www.sec.gov).

**APPROVAL OF INVESTMENT MANAGEMENT AGREEMENT**

At an organizational meeting of the Board held on March 3-4, 2021 (the "Meeting"), by a unanimous vote, the Board, including a majority of Trustees who are not "interested persons" within the meaning of Section 2(a)(19) of the Investment Company Act (the "Independent Trustees"), approved the Investment Management Agreement between the Investment Manager and the Fund.

In advance of the Meeting, the Independent Trustees requested and received materials from the Investment Manager to assist them in considering the approval of the Investment Management Agreement. The Independent Trustees reviewed reports from third parties and management about the below factors. The Board did not consider any single factor as controlling in determining whether to approve the Investment Management Agreement nor are the items described herein all-encompassing of the matters considered by the Board. Pursuant to relief granted by the SEC in light of the COVID-19 pandemic (the "Order") and a determination by the Board that reliance on the Order was appropriate due to circumstances related to the current or potential effects of COVID-19, the Meeting was held by videoconference.

The Board engaged in a detailed discussion of the materials with management of the Investment Manager. The Independent Trustees then met separately with independent counsel to the Independent Trustees for a full review of the materials. Following this session, the full Board reconvened and after further discussion determined that the information presented provided a sufficient basis upon which to approve the Investment Management Agreement.

**Nature, Extent and Quality of Services**

The Board reviewed and considered the nature and extent of the investment advisory services proposed to be provided by the Investment Manager to the Fund under the Investment Management Agreement, including the selection of Fund investments. The Board also reviewed and considered the nature and extent of the non-advisory, administrative services to be provided by the Investment Manager, including, among other things, providing office facilities, equipment, and personnel. The Board also reviewed and considered the qualifications of the key personnel of the Investment Manager who would provide the investment advisory and/or administrative services to the Fund. The Board determined that the Investment Manager's key personnel are well-qualified by education and/or training and experience to perform the services in an efficient and professional manner. The Board also took into account the Investment Manager's compliance policies and procedures, including the procedures used to determine the value of the Fund's investments. The Board concluded that the overall quality of the advisory and administrative services to be provided was satisfactory.

**Performance**

The Board considered the investment experience of the Investment Manager. The Board noted that the Investment Manager was a newly-formed entity and did not have any other investment products. Additionally, because the Fund had not yet commenced operations, the Board was not able to consider Fund performance.

## **AFA MULTI-MANAGER CREDIT FUND**

### **ADDITIONAL INFORMATION (CONTINUED)**

**OCTOBER 31, 2021 (UNAUDITED)**

#### **Fees and Expenses Relative to Comparable Funds Managed By Other Investment Managers**

The Board reviewed the advisory fee rates and expected total expense ratio of the Fund. The Board also reviewed the distribution fee to be paid to Foreside by the Fund. The Board compared the advisory fee and pro-forma total expense ratio for the Fund with various comparative data, including a report of other comparable funds. The Board concluded that the advisory fees to be paid by the Fund and pro-forma total expense ratio were reasonable and satisfactory in light of the services proposed to be provided.

#### **Breakpoints and Economies of Scale**

The Board reviewed the structure of the Fund's advisory fee under the Investment Management Agreement. The Board considered that since the Fund's advisory fee has breakpoints, the advisory fee would create economies of scale as the Fund grows.

#### **Profitability of Investment Manager and Affiliates**

The Board considered and reviewed pro-forma information concerning the estimated costs to be incurred and profits expected to be realized by the Investment Manager from the Investment Manager's relationship with the Fund. Although the Board considered and reviewed pro-forma information concerning the Investment Manager's expected profits, due to the fact that operations for the Fund had not yet commenced, the Board made no determination with respect to profitability.

#### **Ancillary Benefits and Other Factors**

The Board also discussed other benefits to be received by the Investment Manager from its management of the Fund, including, without limitation, the ability to market its services for similar products. The Board noted that the Investment Manager did not have affiliations with the Fund's transfer agent, administrator, custodian or distributor and therefore would not derive any benefits from the relationships these parties may have with the Fund. The Board concluded that the advisory fees were reasonable in light of the fall-out benefits.

#### **General Conclusion**

Based on its consideration of all factors that it deemed material, and assisted by the advice of its counsel, the Board concluded it would be in the best interest of the Fund and its shareholders to approve the Investment Management Agreement for an initial two-year term.

#### **APPROVAL OF SUB-ADVISORY AGREEMENT**

At the Meeting, by a unanimous vote, the Board, including a majority of Independent Trustees, approved the Sub-Advisory Agreement among the Investment Manager, the Fund and the Sub-Adviser.

In advance of the Meeting, the Independent Trustees requested and received materials from the Sub-Adviser to assist them in considering the approval of the Sub-Advisory Agreement. The Independent Trustees reviewed reports from third parties and management about the below factors. The Board did not consider any single factor as controlling in determining whether to approve the Sub-Advisory Agreement nor are the items described herein all-encompassing of the matters considered by the Board. Pursuant to the Order and a determination by the Board that reliance on the Order was appropriate due to circumstances related to the current or potential effects of COVID-19, the Meeting was held by videoconference.

The Board engaged in a detailed discussion of the materials with management of the Sub-Adviser. The Independent Trustees then met separately with independent counsel to the Independent Trustees for a full review of the materials. Following this session, the full Board reconvened and after further discussion determined that the information presented provided a sufficient basis upon which to approve the Sub-Advisory Agreement.

**OCTOBER 31, 2021 (UNAUDITED)****Nature, Extent and Quality of Services**

The Board reviewed and considered the nature and extent of the investment advisory services proposed to be provided by the Sub-Adviser to the Fund under the Sub-Advisory Agreement, including the selection of Fund investments and Underlying Managers. The Board also reviewed and considered the nature and extent of the non-advisory, administrative services to be provided by the Sub-Adviser, including among other things, providing office facilities, equipment; and personnel. The Board also reviewed and considered the qualifications of the investment professionals and other key personnel of the Sub-Adviser who would provide the investment advisory services to the Fund. The Board determined that the Sub-Adviser's investment professionals and key personnel are well qualified by education and/or training and experience to perform the services in an efficient and professional manner. The Board also took into account the Sub-Adviser's procedures used to determine the value of the Fund's investments. The Board concluded that the overall quality of the sub-advisory and administrative services was satisfactory.

**Performance**

The Board considered the investment experience of the Sub-Adviser. Because the Fund had not yet commenced operations, the Board was not able to review Fund performance. However, the Board considered the performance of similarly managed accounts of the Sub-Adviser.

**Fees and Expenses Relative to Comparable Funds Managed By Other Sub-Advisers**

The Board reviewed the sub-advisory fee payable to the Sub-Adviser as compared to the fees of other similar accounts managed by the Sub-Adviser and expected total expense ratio of the Fund. The Board compared the total advisory fee and pro-forma total expense ratio for the Fund with various comparative data, including a report of other comparable funds. The Board noted that the sub-advisory fees were comparable to the fees payable by other accounts managed by the Sub-Adviser. The Board concluded that the sub-advisory fees to be paid by the Investment Manager and pro-forma total expense ratio were reasonable and satisfactory in light of the services proposed to be provided.

**Breakpoints and Economies of Scale**

The Board reviewed the structure of the Fund's investment management under the Sub-Advisory Agreement. The Board considered the Fund's sub-advisory fees to be paid to the Sub-Adviser by the Investment Manager and concluded that the fees were reasonable and satisfactory in light of the services to be provided. The Board also determined that, since the Fund has no assets, economies of scale were not present at this time. The Board considered that since the Fund's sub-advisory fee has breakpoints, the sub-advisory fee would create economies of scale as the Fund grows.

**Profitability of the Sub-Adviser and Affiliates**

Due to the fact that operations for the Fund had not yet commenced, the Board made no determination with respect to profitability.

**General Conclusion**

Based on its consideration of all factors that it deemed material, and assisted by the advice of its counsel, the Board concluded it would be in the best interest of the Fund and its shareholders to approve the Sub-Advisory Agreement for an initial two-year term.
